

### Guest Accessibility Map

Our Manistowoc County Historical Society welcomes guests with all abilities and needs. Many of our museum's historic buildings are not accessible by wheelchair. Please keep in mind that our Pinecrest Village buildings and walkways are authentic to the 19th century. We recognize, as we hope you will, that this may impose certain restrictions on our guests. Paths throughout the historic areas are comprised of stone and may be difficult to travel via wheelchair. For those buildings that are not wheelchair accessible, please inform one of our staff members that you would like for them to bring the experience outside the building to you. Wheelchairs are available at no charge at the Ticket Desk on a first-come, first-served basis.
