**GITARS.**

We handle American made Guitars exclusively, and select the instruments carefully, with the view of selling only those that we can thoroughly recommend. Guitars that are "hawked" about the country at ridiculously low prices are made simply to sell cheap, without any care being given to their musical properties. We guarantee every Guitar in our stock to be absolutely perfect in scale and to have a smooth, musical tone. They are made in the largest factories in this country, the workmanship is the very best, and we warrant each instrument regardless of price (for one year), not to crack or warp. We recommend gut and silk wound strings under all circumstances. If steel strings are to be used, however, we suggest that a tail-piece be put on the instrument, otherwise the sounding board is liable to "spring" at the bridge and in time injure the guitar.

25800 Our LEADER, American made Guitar, standard size, back and sides made of maple and handsomely finished in imitation of either rosewood, mahogany or oak, all highly polished, yellow top, imitation ebony finger board, position dots; patent head, raised frets, warranted for one year. Weight, boxed, about 15 lbs. Price..... \$4.50

25801 Our KENWOOD, American made, standard size, back and sides made of "quarter-sawn", oak, highly polished, finely finished cedar sounding board, cedar neck, raised frets, patent head, excellent tone and warranted not to split or warp. Weight, boxed, 15 lbs. Price, each..... 6.00

25803 Our COLUMBIAN, STANDARD American made guitar, standard size, solid MAHOGANY back and sides, edges inlaid with white celluloid, highly polished rosewood finger board, correctly fretted, cedar neck, patent heads, manufactured expressly for us and warranted not to split or warp. Violin \$2.50

**Mandolins.**  
Weight, boxed, 8 pounds.

This instrument is becoming very popular, our sales having more than doubled during the last year. We would state for the benefit of those desirous of learning to play the mandolin, that they are "tuned" same as the violin, and fingering is the same, so that one who can play a violin may easily learn to manage the mandolin. Instruction book free with each instrument.

**Our Celery Malt Compound for 55 Cents.**  
We Sell the Highest Grade Celery Malt Compound for 55 Cents in Large Bottles.

It retails everywhere, even in inferior qualities, at \$1.00 and upward.

**WE GUARANTEE OUR CELERY MALT COMPOUND** to be absolutely pure, unadulterated and superior to any other celery compound on the market, regardless of price or quality.

Our Celery Malt Compound is a true nerve tonic, a genuine appetizer, a stimulant both for the young and old. We do not pretend that it is an absolute specific for any chronic disease, but it has a much wider range of usefulness, as it is especially beneficial in hundreds of the ills that flesh is heir to.

A glance at its composition, which we give below, will show any person of ordinary intelligence why it is such a useful preparation and should be kept in every household.

Our Celery Malt Compound contains in a concentrated form the active medicinal properties of the Italian celery seed, well known to physicians as one of the best and most active controlling and strengthening agents for the nerves, also the phosphates in the same state as found in the strong, healthy, vigorous, natural body, and in quantities approved of by the medical profession, the value of which has been so thoroughly demonstrated in all brain and nervous affections and in enervated conditions. In addition it contains a large percentage of malt, which is very strengthening and fastening.

You will see it is an ideal combination which is not only a tonic and stimulant but a delicious beverage as well.

As a brain and nerve tonic, appetizer and stimulant it is certainly unequalled in the realm of medicine.

For insomnia, nervousness, mental or physical exhaustion, loss of appetite, impoverished blood and for that tired feeling that comes from close confinement or sedentary habits, it is really magical in its effects, infinitely better than all stimulants of an alcoholic nature.

If you are nervous, exhausted, can't sleep, or if the body is poor and your digestion imperfect, and you are out of sorts generally and in a low physical condition, do not fail to try Celery Malt Compound. It will give you new life and vigor and build up your entire system.

Our Celery Malt Compound is prepared under our special direction by a very able chemist. Every ingredient is carefully tested to know that it is of the very highest quality, and it is sent out under our guarantee that there is no other preparation of the kind that compares with it.

**Tooth Brushes.**

HINTS IN REGARD TO USE AND CARE OF TOOTH BRUSHES. Never lay a wet brush away, but put it upright in an open dish.

A new brush should be soaked in cool water about twenty minutes before using the first time.

If some of the bristles begin to work up in use, do not draw them out, but trim them off, and your brush will last longer.

Bristles will be injured if brushes are put away wet, and left for several days to dry. For the same reason the backs split and the brushes become offensive to the smell, and discolored.

Tooth Brushes are not expensive. It is wiser to throw an old brush away than be annoyed in trying to make it last a while longer.

Tooth brushes should be selected according to requirements of the individual. A soft brush used with much pressure would break down the bristles, while a stiffer brush would stand the work.

Note.—For Tooth Soap and Powder, see Index.
